

# Digest

Key results of implementation of the 'ENERGODIM' Program

679

The total quantity of projects

**Participants: 64 758**  
households

270

projects under which construction works are completed:

137

partially completed projects

133

fully completed projects

**UAH 885,1 million** -  
the EEF compensation amount

138

at the stage of Application 1

271

at the stage of Application 2

- Total cost of submitted projects: UAH 7,1 billion
- The amount of grants: UAH 4,2 billion
- Energy savings: 350,6 million kWh/year
- Avoided CO2 emissions: 93,5 tons/year.

# Results of implementation of the 'ENERGODIM' Program during the period of the military condition

**80**  
completed projects

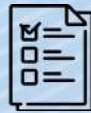

**102**  
projects have partially completed construction works

## General indicators\*:

**UAH 708,1 million**  
the EEF compensation amount.

\*as of July 1, 2023

**350/350** applications  
for verification for reimbursement of partially or fully completed works (received/approved).

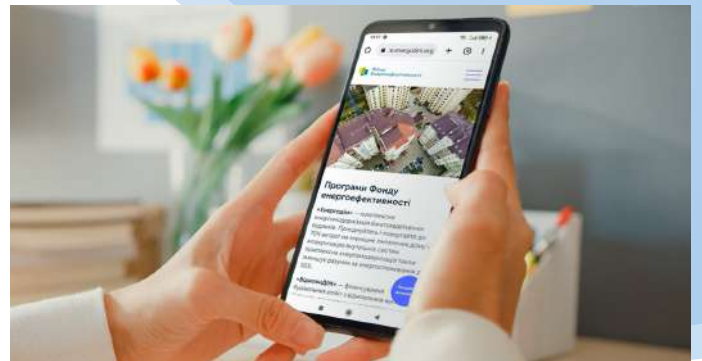

## The success story of the energy efficient project and the possibilities of the Marketplace platform

The Ivano-Frankivsk's HOA 'Kytaiska Stina 54' implemented a Comprehensive Package of measures of the 'ENERGODIM' Program and achieved a reduction in energy consumption at the level of almost 40%.

## The results of the 'VidnovyDIM' Program

**8 316 households** have become participants in the 'VidnovyDIM' Program

**129 — total number of projects** in the 'VidnovyDIM' Program

**UAH 292,4 million** is the cost of submitted projects

**UAH 289,6 million** will be compensated by the EFF

**67 — fully or partially** completed projects

## New partners and discussion of ways to develop the EEF's Programs

### Memorandum of Cooperation between the Energy Efficiency Fund and the Leroy Merlin Solidarity Charitable Foundation

The EEF and the Leroy Merlin Solidarity Charitable Foundation signed a Memorandum of cooperation. The main goal of future cooperation is to consolidate efforts towards the implementation of projects for the restoration of HOAs' buildings, destroyed or damaged as a result of the armed aggression of the Russian Federation against Ukraine.

### Discussion of ways to develop the EEF's programs: prospects and opportunities

Participants of the Supervisory Board meeting with the initiative group of the Advisory Board of the EEF discussed a number of important issues. In particular, the limitation of the circle of participants in the EEF's programs by associations of co-owners of apartment buildings, the lack of funds for energy modernization among homeowners, as well as the unacceptability of existing lending conditions.

# Cooperation with Local Communities

**252**

*communities of Ukraine became the partners of the Energy Efficiency Fund*

**252** Memorandums on cooperation

**137** Municipal support programs within the framework of implementation of projects under the 'ENERGODIM' Program

**3** Municipal support programs within the framework of implementation of projects under the 'VidnovyDIM' Program

As of the beginning of **July 2023**, regarding **29 municipal programs**, it was decided to allocate funds from local budgets in the amount of **UAH 91.8 million** to support HOAs within the framework of the implementation of energy-efficient projects under the 'ENERGODIM' Program.

Since the beginning of 2023, HOAs have received additional local financial support for the implementation of energy-efficient projects worth more than **UAH 2.6 million**.

## Additional local support is provided for participants of the 'ENERGODIM' Program in the Boryspil city

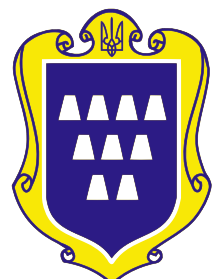

Associations of co-owners of apartment buildings of the Boryspil city territorial community have the opportunity to receive reimbursement of part of the costs of energy efficiency measures implemented under the 'ENERGODIM' Program of the Energy Efficiency Fund.
