Successful experience of restoring houses under the VidnovyDIM Program

Success story: HOAs in Mykolaiv are being restored thanks to the «VidnovyDIM» Program

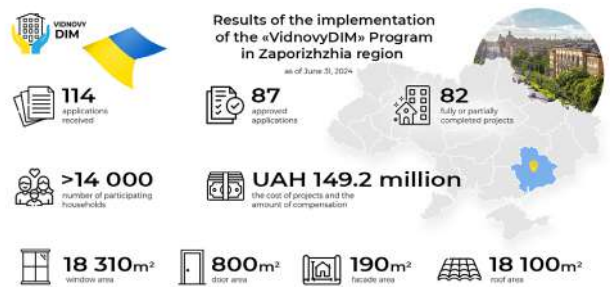

The HOA «Lumera» - are three houses that are more than 100 years old and have survived 2 world wars. As a result of enemy shelling of the russian federation, two of these houses received damage to the roof and facade from the blast wave. Thanks to the «VidnovyDIM» Program of the Energy Efficiency Fund, these houses got a new life.

Restoration of buildings damaged by russian shelling in Zaporizhzhia

Zaporizhzhia is one of the regions of Ukraine that suffer most from enemy massive shelling. Despite the challenges of war, residents of Zaporizhzhia actively restore their buildings using all possible tools. One such tool is the «VidnovyDIM» Program of the Energy Efficiency Fund.

Stories of implemented projects under the ENER GODIM Program

The HOA «Stelmakha 11» thermo-modernized the house and reduced energy consumption by 40%

Reducing consumption by almost half - this result was achieved by the HOA «Stelmakha 11» in Vinnytsia. Thanks to hard work and cohesion for several years, the residents managed to completely modernize the building, achieving impressive energy and cost savings.

Current local co-financing programs for energy efficiency measures

135 programs of local governments and territorial communities of which 47 - with the budget. Total funding - more than UAH 138.3 million.

Since the beginning of 2024, memorandums of cooperation with the following organizations were signed:

- Public Union «Kyiv Association of Homeowner Associations and Housing and Construction Corporations»;
- Municipal Enterprise «Fund for Modernization and Development of Housing Stock of Kyiv»;
- Khorolsky City Council, Poltava Region;
- NGO «Shidnyi Variant» (the Ukraine Recovery Window Program).

Regional Initiatives

The city of Rivne provides comprehensive support to HOAs for energy modernization and development of high-rise buildings

The city of Rivne is actively moving towards energy independence, providing HOAs with local financial support for the implementation of energy-saving measures under the «ENERGODIM» Program of the Energy Efficiency Fund. In the region, there is a Comprehensive Energy Efficiency Program of the Rivne region, which reimburses part of the bank interest - 10%. And in the city of Rivne - there is an «ENERGODIM Rivne» Program, which additionally reimburses 20% of the grant provided by the Energy Efficiency Fund, as well as part of the interest on usage loans.
